Dear Sir:

The eyes of the world are focused on the Middle East where tensions have not abated and which still constitutes a powder keg filled with dangerous implications.

We enclose herewith a document, THE RECORD OF AGGRESSION, consisting mainly of official Arab statements and war plans leading up to the outbreak of fighting in the Middle East, in June, 1967.

The Society for the Prevention of World War III is concerned in discovering ways to prevent future wars, and we believe that understanding the causes of present trouble is one of the most important methods of achieving that purpose. We therefore hope that you will give careful consideration to the material reprinted in this booklet. Should you wish to inquire in more detail concerning any statement quoted, we remain entirely at your disposal.

Sincerely yours,

SOCIETY FOR THE PREVENTION OF WORLD WAR III, INC.
